WCYC BOARD OF GOVERNORS IS REQUIRING A COPY OF BOAT INSURANCE AND REGISTRATION BE PROVIDED BEFORE SPRING START UP/LAUNCH. MINIMUM 2 WEEK NOTICED REQUIRED FOR ALL SPRING LAUNCHES.

WCYC Marine Service would like to remind all boat storage customers that the spring start up & launch of your boat is included in your winter storage agreement with us. This program includes the following;

- Inspection of bellows for cracks and dry rot (these are the flexible black rubber gaskets that prevent water penetration around the exhaust, cables, and u joints).
- Check battery health (CCA & voltage) & reconnect battery
- Summerize engine by installing all engine drain plugs, check all fluids, and start engine
- Check oil pressure and verify cooling system is functioning
- Install hull plug & make sure boat floats properly
- Safety devices are checked; blower, bilge pump, horn, and lights
- Boats will receive a basic rinse/wash to remove dust & dirt from the winter storage season
- *Boats will be fueled up unless otherwise discussed (this is highly recommended to help reduce ethanol issues with engine performance). Must have credit card on file for gas payment.

The following items are NOT included with your spring start up; PLEASE CHECK ANY REQUESTS

- Engine water pump impeller replacement (highly recommended yearly)
- Engine tune-up (recommended every years or two in the spring)
- Charge battery completely
- Replace water separator/fuel filter (recommended every spring)
- Engine oil & filter change
- Zinc Anode replacement (recommended every few years when worn)
- Standard exterior wash with waxing of the outside hull
- Interior cleaning or Carpet cleaning
- Boat canvas wash & water proofing
- Check expiration date on fire extinguisher
- Any Additional Requests: _____
